Say Hello to Ridgeline 2.0

We decided it was time to revamp our website. In this model, we put a lot of emphasis on delivering a clear message. Countless hours went into copyrighting, navigation, and page layout. We felt that was where our old site fell short. So, without further adieu we give you the Ridgeline Graphics Inc. website of 2011. Take a look around...

The screenshot shows the homepage of Ridgeline Graphics. At the top, there is a navigation menu with links for HOME, ABOUT US, BLOG, SERVICES, PORTFOLIO, CLIENT TOOLS, and CONTACT US. The main header features the company logo and a large graphic design advertisement for 'PAC Live Life Live' and 'NYSISTE'. Below this, there are three main content sections: 'Creative Marketing Production', 'One Stop Shop', and 'Building Better Brands For People Like You'. To the right of these sections is a 'Fresh From The Blog' section with three articles: 'So what's the issue?', 'A little background on Facebook', and 'Engaging User Experience'. At the bottom, there are three columns: 'About Us', 'Connect with Us' (providing phone, fax, email, and social media links), and 'Recent Tweets' (showing a tweet about a new photo on Facebook).
